MEET THE TURNING TEAM

Theo Haralampou

Theo initially took up woodturning 23 years ago so he could turn his own drumsticks and make gifts for his family and friends. These days demonstrating and teaching woodturning is his greatest passion and full-time endeavour. Apart from demonstrating throughout Australia and New Zealand at symposiums, club events and wood shows, Theo has also demonstrated in the USA AAW Symposium and, on the Woodturning Cruise through the fjords of Norway. Theo also demonstrated for World Wood Day celebrations and tours in China, Cambodia and Laos. Theo enjoys demonstrating the safest and easiest way to sharpen tools, develop good tool control, and take advantage of the characteristics of the wood to turn and embellish interesting, diverse and artful projects. Theo feels extremely privileged to be able to share his knowledge and experience with others. His philosophy is that life is too short, so we should enjoy the journey, share with others and leave something to show we were here.

Interact live with internationally acclaimed woodturner Theo Haralampou who will be demonstrating from his studio workshop in Brisbane Australia.
