## Bells, Baubles and Christmas Trees

Theo is definitely stepping into the festive season with this Live Session.

Learn about the suitable substrates for colour layering and embellishment, along with materials and finishes.

Theo demonstrates several head and tailstock support methods whilst creating a selection of festive adornments, novelties and gifts.

This week, Theo covers:

- 'Top' turning tips for kids
- Focus on spindle gouge angles and grinds
- Colouring
- Parting off techniques

#### UK/IRELAND

Saturday 12<sup>th</sup> December

9.30am (GMT)

### Meet Theo Haralampou

I initially took up woodturning 23 years ago so I could turn my own drumsticks and make gifts for my family and friends.

These days demonstrating and teaching woodturning is my greatest passion and full-time endeavour. Apart from demonstrating throughout Australia

and New Zealand at symposiums, club events and wood shows, I have also demonstrated in the USA AAW Symposium, on the Woodturning Cruise through the fjords of Norway and for World Wood Day celebrations and tours in China, Cambodia and Laos.

I enjoy demonstrating the safest and easiest way to sharpen tools, develop good tool control, and take advantage of the characteristics of the wood to turn and embellish interesting, diverse and artful projects. I feel extremely privileged to be able to share my knowledge and experience with others.

My philosophy is that life is too short, so we should enjoy the journey, share with others and leave something to show we were here.

**Interact live with internationally acclaimed woodturner Theo Haralampou who will be demonstrating from his studio workshop in Brisbane Australia.**

# Christmas Special

## LIVE WOODTURNING WEEKEND

### With Special Guest Andrew Hall

&

### Sidney the Smoking Snowman

We are delighted to welcome British Woodturner, Andrew Hall to Live Sessions for our Christmas Special Weekend.

Andrew is known around the world for his turning talents, particularly for his Hallwood Hat creations and the fascinating and super stylish Bluesbowls.

For this Live Sessions debut, Andrew will be sharing a multitude of turning techniques and disciplines from his studio workshop in County Durham, England, to create Sidney the Smoking Snowman.

#### In this session, Andrew covers

- Characteristics of timber
- Centering and mounting.
- Optimum speeds for spindle and side grain turning.
- Spindle/Bowl turning tools, grinding techniques and finishing.
- Safety equipment and risk assessment

#### UK/IRELAND

Sunday 13<sup>th</sup> December

7.30pm (GMT)

**Andrew Hall: Teacher, Demonstrator, Woodworker, Woodturner, Wood Hat Milliner and Bluesbowl Luthier**

Born in 1961 I have had a passion for working with wood all of my life. My woodworking career started when I served a five year

apprenticeship as a Carpenter and Joiner with Blue Circle Industries at Weardale. At the age of 22 I had the opportunity to teach apprentices at three colleges in the North East of England. After teaching apprentices Carpentry and Joinery for 20 years I decided to rekindle my love of woodturning and have been teaching and demonstrating since 2002. Specialising in making wood hats, Corinthian helmets and lately musical instruments turned on the lathe called Bluesbowls. I also turn conventional bowls, natural edged vessels, platters boxes, and coloured sculptural work.

When time allows I love to turn one-off pieces of artistic woodturning and try and play my Bluesbowls.

I supply a small number of galleries with my work and manufacture bespoke woodturning made to the customer's requirements. I demonstrate at shows in the UK, Ireland and Europe.

I write articles for woodworking and woodturning related magazines.

Due to the challenges resulting from Covid 19 I have recently moved into the virtual world and deliver mixed medium Interactive Remote Demonstrations.
